What is Redbone?

In 1984 Gary and Susan Ellis' newborn daughter, Nicole, was diagnosed with cystic fibrosis, a genetic disease that causes the body to produce an abnormally thick, sticky mucus that clogs the lungs and can lead to life-threatening lung infections. They were told that with considerable care, she should live to her early teens. After asking the question, "What is cystic fibrosis?" they set out to find a way to fight it.

In 1988 with the help of their friends, including baseball legend Ted Williams, they founded the Redbone Celebrity Tournament Series to help fund CF research. Guides, anglers and celebrities from film and sports teamed up on thirty-three boats to fish for redfish and bonefish. From that tournament came the name "Redbone." They raised \$16,000 that first year and more importantly, introduced cystic fibrosis into the conscience of the very caring community of the Florida Keys.

From that small seed, the Redbone Series has grown to; the Redbone Trilogy, twelve Redbone@Large tournaments, seven Redbone Red•Trout Tournaments, and three Redbone Bahamas Bonefish Classic Tournaments. In the last five years, Tournaments bearing the Redbone name have averaged over a million dollars a year to fight cystic fibrosis.

TOURNAMENT RULES

ALL ENTRIES MUST BE SIGNED TO BE REGISTERED.

1. All participants must acknowledge receipt of the rules by signing off on them at registration, or prior to the "blessing of the fleet" on day one.
2. The fish must be measured, photographed with the measuring device and released to constitute a catch. Fish must be entered on score sheet at time of release to avoid disqualification.
3. IGFA rules and tackle specifications apply.
4. No heavier than twenty (20) pound test line (Manufacturer's Stated Test) may be used in all divisions.
5. NO WADING WILL BE ALLOWED.
Only one (1) working rod per Angler is allowed in the water at any time. Only the Angler may cast and retrieve the rod in both divisions.
6. Fly and Spin/Plug Divisions are artificial lure categories. No tipping is permitted. No chumming is permitted. In all divisions, only the Angler can cast, hook and fight the fish.
7. All Anglers must be accompanied by a Licensed Guide approved by the Rules Committee. Licensed Captains or Guides may compete only with the approval of the Tournament Committee.
8. Guides must sign out before departure each day and sign in upon returning regardless of catch.
9. There must be two (2) Anglers on every participating boat. In the absence of a teammate or celebrity Angler, a substitute Angler will be appointed by the Tournament Committee. The Redbone tournaments are TEAM events. In the spirit of good sportsmanship, the Guide will encourage equal casting opportunities (bow time) to both teammates.
10. Boats must depart from and return to Tournament Fishing Headquarters by water. No trailering. Anglers must fish from the SAME BOAT for both tournament days. The Tournament Committee will make an exception in case of mechanical difficulties or weather conditions that warrant a change. At the "Blessing of the Fleet" on Day 1, boats must depart in the order they are announced.
11. Fishing hours will be announced at the Tournament Rules Meetings.
12. All species must be a minimum of twenty (20) inches in length measured from the snout to the INSIDE FORK OF THE TAIL. Measuring gauges and cameras will be supplied to the Guides by the Rules Committee. Ties will be awarded to the Angler who catches the last fish first.
13. Grand Champion is based on most accumulated points after the catch of at least one Nor'east Grand Slam (striper, bluefish, false albacore). In the event no Grand Slam is caught, Grand Champion will be based on most accumulated points representing most species.
14. The Rules Committee will make any weather decisions. All decisions of the Rules Committee are final.
15. The penalty for any violation of the rules is NO POINTS for the day. All protests must be in writing and signed. They must be presented to the Rules Committee by 5:30 P.M. the day of the violation.

TOURNAMENT RULES
